

MR. S. M. OWENS.

Tested in political campaign work and democratic party organization, weighed in official balances and not found wanting, Mr. S. M. Owens is a candidate for sheriff of Lincoln county, submitting his claims to any action that may be taken by the democratic party. He was born in Wayne county, Kentucky, October 10, 1857, and is of English descent, having a worthy and eminent ancestry. He married Miss Augusta Bibb, a gifted and accomplished lady, of Richmond, Va. He has been extensively engaged in farming and trading and has a large acquaintance, being very popular. He was educated at Eastonville Academy and being a strong advocate of fraternity he is in good standing as a member of the Masons, I. O. O. F., K. O. T. M., K. P., and the Red Men, having gone through Ryan Commandery, No. 17, Danville, Kentucky.

In religious faith and practice he is a member of the Presbyterian church. He was always a true democrat and, as an organizer and in the most important party work, he has no superior. His precinct, all hands off, is 90 republicans, but, by using his tactics, he carries it from 65 to 115 democratic. It is claimed that his long service, by which he has so often aided in leading the party to victory, justly entitles him to the endorsement and support of that party in the race for the nomination for sheriff.

Another claim, which is a very potent one, lies in the fact that he has made a faithful public servant and has fully manifested his competency to dispose of the duties of the office in a manner altogether satisfactory to the public. Among the ministerial offices, that of sheriff is likely the most important, as it deals directly with the financial interests of the people, in the collection of revenue and in many acts which are necessary in conserving the peace and good order of a community. In seeking an incumbent for this office, as in every other department of life, experience is at a premium. The experienced clerk is in demand and the drilled soldier is sent on a haphazard expedition. Applying the same rule in this case, we find that the subject of this sketch has evinced his fitness and ability for discharging official duties, by serving two terms as jailer of Lincoln county, beginning in 1882, and afterward one term as sheriff. His entire official career was most brilliant and highly acceptable. There have been many expressions of satisfaction by the courts in which he served and by others in a position to know best of his career.

His friends point with pride to his public record, his good judgment, his courage, his honesty and his ability and claim that there is no better equipped man in the county for the office of sheriff.

Has Sold a Pile of Chamberlain's Cough Remedy.

I have sold Chamberlain's Cough Remedy for more than 20 years and it has given entire satisfaction. I have sold a pile of it and can recommend it highly. Joseph McElhiney, Linton, Iowa. You will find this remedy a good friend when troubled with a cough or cold. It always affords quick relief and is pleasant to take. For sale by all Druggists.

One of the most remarkable personages in Pennsylvania is Abraham B. Myers. With only stumps of arms he writes a very legible hand, holding the pen between the stumps of his arms, without artificial assistance. He is a marksmen of no mean ability, and pulls the trigger by means of a twine, the end of which he grips in his teeth. He plays pool and billiards and even rides horseback.

Better Than a Plaster.

A piece of flannel dampened with Chamberlain's Pain Balm and bound on the affected parts, is better than a plaster for a lame back and for pains in the side or chest. Pain Balm has no superior as a liniment for the relief of deep seated muscular and rheumatic pains. For sale by all Druggists.

MR. JAMES C. HAYES.

Possessed of many excellent traits of character, being affable and having a legion of friends, Mr. J. C. Hayes is a candidate for jailer of Lincoln county, submitting to the action of the democratic party. He was born in Rockcastle county, February 16, 1853. He is of English and Irish descent, and is related to many distinguished ancestors. In 1873 he was married to Miss Serene Haley, a daughter of Alfred Haley. He is the father of seven sons, four of whom are voting the democratic ticket, and the other three will do likewise when they arrive at an age to be legal voters. This increase in the ranks of the party is considerable and may be sufficient, in a close campaign, to insure democratic victory. If a few more families could recruit the ranks, as Mr. Hayes has, the party would win in every campaign, and such an increase should be duly considered and recognized.

He moved to Lincoln county in 1878 and he is fully identified with the interests of the people and shares their adversity and their prosperity. He is a successful farmer and trader, familiar with business principles and methods and equal to any emergency that may arise. He is in fellowship with the Masons, a strict member of the Christian church and an advocate of every institution that has in view the mental and moral improvement of man and the promotion of the general welfare. Being thus interested in the public good, it goes without saying that he would make an efficient officer and guard well the prisoners and the public buildings entrusted to his care.

He has always been a democrat and he has freely and liberally given his time and labor to aid in carrying the banner of the party to victory. It follows that he has claims on the party which are worthy of consideration and should not be ignored.

His morals are good and his habits regular and systematic, resulting from great firmness of character. Liberal in his views and charitable in his opinions he maintains his convictions free from any semblance of egotism or indulgence in the fanciful and visionary, and is needed in the public service. If nominated and elected he will make a model officer and discharge the duties of jailer in an acceptable manner and his prospects are reported to be quite flattering.

PREACHERSVILLE.

At 10 o'clock Friday morning, after a week's illness of spinal membranous croup, the spirit of little Mary Kathleen Payne, infant daughter of Mr. and Mrs. J. F. Payne, returned to the God who gave it. She was nearly two years old and a very bright child.

D. M. Anderson sold to a Garrard man a pair of mules for \$225 and purchased a pair of J. M. Cress for \$250. John Adams, of Garrard, was here receiving a lot of young mules. J. M. Cress bought of B. T. Lunsford 100 barrels of corn and 50 of Hugh Seargent at \$2 delivered.

Mr. and Mrs. James Curtis, of Madison, have been visiting her father, B. F. Lunsford, Mr. J. Holtzclaw, of Missouri, has been visiting his brothers, Ben and Frank Holtzclaw. John W. Rigby, of Illinois, was with his brother, D. J. Rigby, at Cedar Creek, and sister, Mrs. B. F. Lunsford, at this place.

Two of the best laws on the statute books are those introduced by Hon. J. M. Alverson and enacted by the last Legislature. The vagrancy law, if enforced, will do much toward breaking up the motley crowds that infect public places and by their profane utterance, obscene language and exhalation of vile tobacco smoke, have made it well nigh impossible for ladies to come to town or go to the depot without annoyance. His law making it a penalty to flourish a pistol on the cars will make travelling seem more safe and guns more scarce on trains, especially on excursions. Mr. Officer it is now up to you. Nab a coon at the depot, on the corner and let him crack rock, catch the gun "toter" and confiscate his pistol.

MR. W. A. CARSON.

This very popular and altogether worthy gentleman is a candidate for assessor of Lincoln county, abiding the action of the democratic party. He was born Dec. 23rd, 1856, his ancestors having come from Virginia. He has a host of friends and an extensive and distinguished relationship, several of them having filled important places of public trust and acquitted themselves with the approval of the public. He has been a successful merchant and his business relations have been such as to give him an accurate conception of the value of property, without which it would be impossible to discharge the duties of the office which he seeks, as the successful administration of government depends largely upon the work of the assessor in listing property so that the revenue derived therefrom will be sufficient to meet public expenditures. In 1890 he married Miss Nellie Yantis, a most lovable and excellent lady, they having been blessed with four children. He was educated at Crab Orchard Seminary and being in favor of all institutions that elevate and enlighten mankind, he is in fellowship with the Masons, I. O. O. F., K. P., K. O. T. M. and Red Men, in all of which he is prominent and has held high offices. In religious faith he is a member of the Christian church, though his views are such as to preclude the opinions of the offensive sectarian.

He has always been a democrat and a faithful worker in the interest of the party, being a member of the county committee for 13 years, during which time his advice was sought and he labored for the success of the party and it is not only consistent with justice, but it would be in keeping with well established customs in all the affairs of life to reward him for his excellent service.

His ability and competency were recognized by his appointment as postmaster at Crab Orchard during Cleveland's last term and it was the verdict of the public that there was no better or more efficient officer. Being a type of noble manhood, sober, moral, discreet and void of guile he modestly asks the support of his fellow citizens in securing his election to the office which he seeks.

His whole life demonstrates the fact that he is fully qualified to execute the trust, and his excellent character with his deep interest in every enterprise, having in view the general welfare, proves that he deserves recognition. His friends claim that just such men are needed in public and official positions of the county, and that when the public realizes this fact his nomination and election will surely follow. The faithful, in every vocation of life are always promoted for efficient service and this subject is one of that class.

MATRIMONIAL.

Rev. John L. Gouhey and Mrs. Mollie Bastin, both of Casey, were married Wednesday.

Col. William F. Cody, better known as "Buffalo Bill," has withdrawn his suit against Mrs. Cody for divorce.

The date of the marriage of Miss Christine Bradley and Dr. John South, of Frankfort, has been set for November 2.

D. M. Flournoy, of Paducah, was granted a divorce from Laura Flournoy, daughter of the Rev. Sam Jones, the evangelist.

M. S. Russell and Miss Minnie Frost, both of the West End, were joined heart and hand Wednesday. Mr. Russell is a well-to-do farmer and his bride is said to be both pretty and popular.

Miss Janie Dawson, formerly of this county but now of Lexington, and a daughter of Mr. Frank Dawson, of near Hubbe, was married a few days since to Brown Anderson, of Nicholasville.

Miss Nettie Hutchins, formerly of this city, and Lucien M. Lewis, of Kentucky, were married at Orab, Ariz., August 20th. Miss Hutchins has been a teacher in the public schools here many years, and has many friends who will be pleased to join the writer in extending hearty congratulations. Both Mr. and Mrs. Lewis will remain in the employ of Uncle Sam, as teachers at Keams Canyon, Ariz.—Sank, Wisconsin, County News. Mr. Lewis is a son of Dr. T. M. Lewis, of this place, and is a splendid young man. His many friends here extend hearty congratulations.

MR. R. L. HUBBLE.

The farming element of our population constitutes the basis and the support of society and government. It is in fact, the source of all wealth, for we cannot conceive of any character of property that did not come, directly or indirectly, from the earth, either as an agricultural, a timber or a mineral product. In the rural districts the farmer bears the burden of taxation and in every successful farmer there is found a high degree of intelligence and a keen sense of right and justice. In view of these facts there is a growing sentiment in favor of giving this large class more frequent representation in the halls of legislation. These premises being duly considered, Mr. R. L. Hubble, who belongs to and is a prominent representative of that class, is a candidate for the office of State Senator in this district, consisting of the counties of Lincoln, Garrard, Boyle and Casey.

He was born Jan. 16, 1862, his ancestors having come from Virginia, a large and influential relationship now being in this and adjoining counties. His wife was Miss Sallie Logan, a refined and cultured lady, belonging to one of the best families in the county, one son and one daughter being born to bless their home. His experience as a farmer and trader has given him a knowledge of the relations existing between that and other classes and the legislation required to protect the rights and interests of each. Believing in fraternity, he is a member of the I. O. O. F. and the K. P. lodges, and a member of the Christian church.

His fidelity to the democratic party has been frequently manifested by the part he has taken in many heated campaigns by contributing funds and aid in organizing the party and bringing out the vote. He made the fight before the Senatorial committee at Danville, which resulted in giving Lincoln county the right to name the Senator for the ensuing term. His zealous efforts in behalf of the party when the lamented Goebel was a candidate, resulted in the finding of an indictment against him and two others on the charge of violating the election laws, they being taken before a Federal court, which dismissed the indictment. He has served as election commissioner for Lincoln county and filled other places of trust. He was a member of the democratic county committee for four years and no man did more for the success of the party. In fact to him is due a great deal of the credit of bringing Lincoln county out of the slough of republicanism.

This cursory sketch of his public and private life proves that he is worthy and capable and that the party should reward him for his excellent service.

Individual success has generally been the standard by which a man's ability to discharge the duties of a public trust is measured, and when this test is applied to Mr. Hubble he meets all the requirements, having been very successful in every enterprise.

Being very intelligent, having firmness of character and a broad experience, his friends claim that he is the entry that should win the nomination and that if he does, he will defeat any opposition in the final election.

Sour Stomach.

* When the quantity of food taken is too large or the quality too rich, sour stomach is likely to follow, and especially so if the digestion has been weakened by constipation. Eat slowly and not too freely of easily digested food. Masticate the food thoroughly. Let five hours elapse between meals, and when you feel a fullness and weight in the region of the stomach after eating, take Chamberlain's Stomach and Liver Tablets and the sour stomach may be avoided. For sale by all Druggists.

MR. A. A. WARREN, formerly a postmaster at Stanford where he was a merchant also for many years, is in the city, having joined the noble army of drummers. He is introducing a new invention by Dr. R. A. Jones, of Stanford, which is as wonderful as it is excellent.—Lex. Democrat.

THE INTERIOR JOURNAL

E. C. WALTON

DURING the past week the editor of this paper has had the privilege of visiting his only sister near Richmond, Va. While it was a treat for him to be with her, who has been both mother and sister to him, the sad thought of her recent loss, a son, married to no little extent the usual pleasure this visit affords. The Old Dominion looked prosperous and her people seemed contented and happy. Crops are good and prices are high, hence the farmer is in splendid spirits. The merchant and mechanic, the professional man and the man who makes his living by the sweat of his brow all bore unmistakable evidences of prosperity and happiness. In fine the grand old mother of States and statesmen is just as good and good looking as she used to be and her folks, like they have ever been, are the best that ever the sun shone on. The trip was made over the old reliable Chesapeake & Ohio, which has veritable moving palaces for trains and whose route is beautiful and picturesque beyond the ability of this pen to describe.

WHAT'S the matter with genial Ed Walton? He seems to have a grouse against Somerset.—Journal. Nothing earthly the matter. He loves Somerset almost as well as Brer Campbell does, but his eyesight is unimpaired and he can readily see that the capital of Pulaski is not the only town on the map. Editor Campbell should buy a pair of spectacles and "take a trip" over the country.

THE New York democratic convention adjourned at Saratoga after nominating by unanimous action a State ticket headed by Justice D. Cady Herrick, of Albany, for governor. Justice Herrick was agreed upon as a compromise candidate and the convention was harmonious throughout. It seems to be a foregone conclusion that the Empire State will go democratic this fall. So note it be.

JAMES M. RICHARDSON was nominated for Congress in the Third district by the democratic convention at Scottsville. Three cheers for the gallant knight of the tripod. We hope he will be elected by the big majority he richly deserves.

THE Lexington Democrat is four years old to-day. It is also the best democratic daily published in Kentucky. What better could be said about it?

BLACK - DRAUGHT STOCK and POULTRY MEDICINE

Stock and poultry have few troubles which are not bowel and liver irregularities. Black-Draught Stock and Poultry Medicine is a bowel and liver remedy for stock. It puts the organs of digestion in a perfect condition. Prominent American breeders and farmers keep their herds and flocks healthy by giving them an occasional dose of Black-Draught Stock and Poultry Medicine in their food. Any stock raiser may buy a 25-cent half-pound air-tight can of this medicine from his dealer and keep his stock in vigorous health for weeks. Dealers generally keep Black-Draught Stock and Poultry Medicine. If you do not, send 25 cents for a sample can to the manufacturers, The Chattanooga Medicine Co., Chattanooga, Tenn.

ROCHESTER, GA., Jan. 30, 1902.
Black-Draught Stock and Poultry Medicine is the best I ever tried. Our stock was looking bad when you sent me the medicine and now they are getting so fine. They are looking 20 per cent better.

It is altogether improbable that The Picket may be seen in the Second Special or in any other race this year. Carroll Reid, the Falsetto colt's trainer, has about made up his mind that The Picket has reached the end of his tether for one season at least.

HORSE AND MULE SALE—J. F. Cook & Co. will have another big sale at Lexington Wednesday, Oct. 12, when they will dispose of 350 horses and mules. The horses consist of Percheron mares and geldings, and broke horses and the mules of aged, two-year-olds and yearlings.

Kentucky's Great Trots at Lexington, Oct. 4 to 14, will be, as usual, the banner race meeting of the year. It is estimated that the value of the three-year-olds engaged to start in the \$21,000 Kentucky Futurity on the first day is over a quarter of a million dollars.

\$20,000 has been refused for Grace Bond, the probable favorite. In the Transylvania stake the 11 horses engaged are estimated to be worth \$200,000. The owner of Sweet Marie, 2:06 1/2, is reported to have recently refused \$35,000 for her; George G., 2:07 1/2, cost \$20,000. It is the greatest lot of horses ever brought together. The race on Thursday, Oct. 6, is well worth a 100-mile trip to see.

Liberal Way in Which Penny Sells Mi-o-na, Nature's Cure for Dyspepsia.

It increases the vitality, soothes and heals any internal inflammation and gives tone and strength to the whole system.

The Christian Sunday School had a birthday party Sunday. Secretary Johnstone awarded each student present a handsome card. The occasion was in celebration of Mr. J. W. Bastin's 42nd birthday. Mr. Bastin is superintendent of the Sunday School, and has spent much of his life in Sunday School work. He shows good for at least as many more years, and we are congratulating ourselves on the fact that he will remain with us in the same good cause, and may the sober, honest, up-right and christian life which he has lived be an inspiration to the rising generation. —Pittsburg Cor. London Democrat.

An additional room to our already large school house is to be made this winter and perhaps the next move will be for a nine months' school. It was defeated once but the majority of our people will say next time that we ought to have a nine months' school.

Politics is somewhat exciting our people now. Everybody, nearly, is going to vote for Parker. Not satisfied with reading the "cheapest and best" and the Lexington Democrat, they want a few warm speeches from the distinguished Col. Warren and his opponent for the nomination, Judge Bailey—Judge Owsley, Hon. Burch and others.

What Is Life?

In the last analysis nobody knows, but we do know that it is under strict law. Abuse that law even slightly, pain results. Irregular living means defangement of the organs, resulting in constipation, headache or liver trouble. Dr. King's New Life Pills quickly readjust this. It's gentle, yet thorough.
